Finnish work

The Design from Finland mark can be awarded to a product, product group or service, which has been designed professionally and responsibly in Finland and has a user-inspired design. The company must also demonstrate to have achieved business benefits from the design investment. The companies with the Design from Finland mark communicate openly about the structure of their production chain and the country of production, and they endeavour to minimise risks pertaining to suppliers. Additionally, their head office must be in Finland. The mark is awarded by the Design from Finland mark committee of the Finnish work.
