

## The PreGo school table

**Martela AB**

The product has been declared and approved according to the criteria in Möbelfakta:

**Quality - Environment - Responsible supply chains**

### **Description**

The PreGo school table with glides or with lockable castors is a versatile choice for individual and group work in learning environments. Castors make it easy to move and tables can be stacked, if needed. Bag hooks at both ends of the top and rounded corners improve user comfort and safety. The base is also available with fixed glides instead of castors. The PreGo school desk is available in chipboard or with veneer, laminate or linoleum surface top and powder coated metal base with choice of colours.
